

Accessibility Statement for Splash Access

This is an accessibility statement from Splash Access.

Measures to support accessibility

Splash Access takes the following measures to ensure accessibility of Splash Access:

- Include accessibility as part of our mission statement.
- Integrate accessibility into our procurement practices.
- Assign clear accessibility goals and responsibilities.
- Employ formal accessibility quality assurance methods.

Conformance status

The [Web Content Accessibility Guidelines \(WCAG\)](#) defines requirements for designers and developers to improve accessibility for people with disabilities. It defines three levels of conformance: Level A, Level AA, and Level AAA. Splash Access is fully conformant with WCAG 2.1 level AA. Fully conformant means that the content fully conforms to the accessibility standard without any exceptions.

Additional accessibility considerations

Images have alternative text captions for accessibility purposes.
